

## Mrs. Jennie Larson Laid To Rest

Mrs. Jennie Larson passed away in the Viking hospital on April 5, after a brief illness, at the age of 88 years and two months.

Jennie Karolina Kempe, daughter of Mr. and Mrs. Gustav Kempe, was born on February 1, 1871, at Ljusne, Sweden. She came to South Dakota with her married sister, Mrs. Ludvig Peterson, in 1889. In 1898 she was united in marriage to Olof Larson in Kingsbury County, South Dakota. Mr. and Mrs. Larson came to Irma in 1906 and made their home in what was known as the Coal Springs district. Through the years they took an active part in community life, especially in that pertaining to church work.

Mrs. Larson was predeceased by her husband who died in 1943. She leaves to mourn her passing three daughters: Isabelle (Mrs. Olson) of Vancouver, B.C.; Elva (Mrs. F. Spring) of Irma; Gladys (Mrs. J. Taylor) of Seattle, Wash.; one son, Alfred of Vancouver; one brother, Carl Kempe, of Sweden; four grandchildren; and two great grandchildren.

Mrs. Larson, since her husband's death, had made her home with her daughter, Elva. Although she had been unable to leave her home to any extent these past years, Mrs. Larson never complained. All who came to see her were greeted with a cheery smile and a glad welcome, for she loved visitors. Her little homely duties were precious to her; her hands were never idle, always busy with knitting or crocheting. She gladly used her talents during the years for W.M.F. work. This beloved little lady will be greatly missed in our community. Her sincere faith, her love of the good and the beautiful, will be remembered by all who had the privilege of knowing her.

Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God; therefore the world knoweth us not, because it knew Him not.

Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that, when He shall appear, we shall be like Him; for we shall see Him as He is.

And every man that hath this hope in him purifieth himself, even as He is pure. —1 John 3:1-3

Farmers of the Grattan Local had a very interesting and worthwhile meeting Tuesday evening, April 7, in the Legion Hall.

Mr. Duncan also gave an enlightening talk on Farm Management.

After this, Glen Valeau of Wainwright reported on his "March to Ottawa" as a member of the farmers' delegation. With his report he showed interesting slides from his trip, including two "shots" of our local M.P., Clifford Smallwood.

## Pretty Spring Wedding Unites Young Couple

### HOLT — ARMITAGE

A very pretty spring wedding took place in the Kinsella United Church on April 4th, 1959, at 3:30 p.m. when Betty Ann Armitage, daughter of Mr. and Mrs. J. H. Armitage of Kinsella, became the bride of Charles Clifton Holt, son of Mr. and Mrs. J. M. Holt of Edmonton. The church was beautifully decorated with bouquets of spring flowers. The double-ring ceremony was conducted under a canopy of pink and white streamers by the Rev. C. Swallow.

Given in marriage by her father, the bride wore a floor-length gown of white broadcloth satin featuring a scalloped neckline trimmed with sequins,illy point sleeves, a long pointed waistline and a hoop skirt. Her chapel veil was held in place by a coronet of pearls and sequins. She carried a shower bouquet of red roses complemented by stephanotis and ivy leaves. Her jewelry was cultured pearl earrings, gift of the groom.

Attending the bride were her cousin, Miss Dorothy Armitage as maid of honor, Miss Maureen Dempsey as bridesmaid, and the bride's sister, Doris, as junior bridesmaid.

Dorothy and Maureen wore identically styled waltz-length dresses of nylon sheer over net with white applique motifs accented by butterfly bows. The maid of honor's dress was green, the bridesmaid's yellow. They wore matching headresses of velvet ribbon and matching mittens and carried bouquets of spring flowers.

The junior bridesmaid's gown was white nylon organza over yellow taffeta embroidered with yellow silk roses. She wore a long white tulle train and carried a spring flower bouquet.

Groomsmen were Mac Holt, brother of the groom and Wm. Armitage, brother of the bride. Ushering the guests were the bride's brother, Robert, and George Smith, cousin of the groom.

Mrs. E. Simmons played the wedding music. Before the ceremony, the choir sang "O Perfect Love." Miss Carol Garvie sang "I'll Walk Beside You," during the signing of the register.

A reception for 150 guests was held in the Kinsella Memorial Hall. To receive, Mrs. Armitage chose a gown of midnight blue taffeta and lace with pink flowered hat and navy and pink accessories. Her corsage was pink roses.

Mrs. Holt was frocked in dusty rose taffeta and lace and wore a fur jacket and a picture

During the reception, Doris Armitage sang "I Love You Truly" and Mr. J. C. Ford of Wainwright sang, "The End of a Perfect Day." This he had sung at the bride's parents' wedding over 25 years before.

Following the reception, a wedding dance was held in the Kinsella Hall.

For her going-away outfit, the bride chose a dusty rose suit with matching feather hat, gloves and scarf, navy purse and shoes. She wore a corsage of white carnations. ## Alberta Legislature In Session

By Ken Mason

EDMONTON, Alta., April 10, 1959—One major question remained unanswered as the fifth session of the 13th Alberta Legislature came to an end.

And that's the question of when the election will be held. Premier Manning and some of his closest colleagues are the only ones who know and they aren't saying. But the talk among MLAs leaves little doubt they're prepared for a vote sometime this year.

As the session ended, members drifted home for a breather before they start getting into the thick of an election battle. Political observers have picked June or August as the most likely months for a vote.

For a pre-election session, it was a dull one, with nothing that could be called a first-rate controversy. But it was a long one, lasting a full eight weeks, and the legislative program was heavy enough to make members earn their pay.

Opposition members, looking desperately for a hot issue to carry them into the election campaign, prodded persistently at the government, and kept cabinet ministers on their feet almost constantly answering questions about specific items in the budget estimates and in government bills.

The Liberals tried hard to make proposed increases in natural gas rates an issue of the session, claiming government gas export policy permits higher export prices to be reflected in higher domestic prices.

Natural gas was under discussion until the dying minutes. On the last night of the session, Liberal Hugh John MacDonald of Calgary kept Premier Manning answering questions for 50 minutes on gas export policies.

Gas rates and export fished as a red-hot issue in the House, but the Liberals haven't given up. Watch for them to propose a preferential or "two price" system for gas aimed at protecting Alberta consumers, as part of their platform in the election campaign.

The session did produce these important items:

—The government brought in a record \$306,676,358 budget, abandoning pay-as-you-go financing and going into deficit financing out of accumulated reserves.

—A bill was passed giving the government authority to start building 52 homes for the aged throughout Alberta.

—Chronic hospital care was brought into the existing federal-provincial-municipal hospital insurance program.

—The Government was empowered to raise speed limits to 65 m.p.h. on four-lane highways, and will probably make it effective this summer.

—Maximum loans to would-be farmers under the province's Farm Purchase Credit Act were increased to \$10,000 from \$7,500.

—The government introduced a program of guaranteeing 50 per cent of principal and interest on farm home improvement loans up to a maximum loan of \$2,000.

—The Alberta Municipal Financing Corporation, idle for a year, was put back into business with its scope expanded, and will borrow \$70,000,000 on behalf of municipalities in the coming year.

—Legislation trims the maximum size of crown grazing leases, as a means of making pastureland available to small ranchers and farmers. It may mean some big ranches in southern Alberta will have to reduce their size.

It would never do to pass up the memorable debate on rats. A highlight of the session was the disclosure that a farm at Scapa, 25 miles south of Castor, was licensed to raise a mutant Norway rat brought into the province as a potential fur-bearer.

Opposition members caught Agriculture Minister Halmrast off guard and needed him for all they were worth about the paradox of the government spending money to exterminate rats along the Saskatchewan border on the one hand, and licensing a farm to raise them on the other.

For the record, the final chapter of the mutant rat story was written last week. The animals—several thousand of them—were destroyed.

## THE Homemaker

### Master Farm Family Program

Do you know a family in your community that is outstanding and a family that would make one of Alberta's Master Farm Families?

As in years previous, the Master Farm Family Program sponsored by the Alberta Department of Agriculture will be carried on in 1959. This program is carried on to honor farm families who have achieved notable success in farming, homemaking and citizenship.

Farm families nominated for the Master Farm Family Award must fulfill the following requirements:

1. The family must be Canadian citizens.

2. The head of the family must be the owner-operator or lease operator of the farm.

3. The head of the family must have spent at least twenty (20) consecutive years in actual operation of a farm in his own right and not in partnership. (In the case of veterans, absence on military service will be accepted in lieu.)

N.B.: A farm operated by a partnership or business agreement, involving other than members of the family, i.e., wife and/or children of the operator, is not eligible.

No family shall be eligible to receive the Master Farm Family Award whose standing in this program has been made possible by the receipt of revenue from sources other than farming.

Nominations for the Master Farm Family Award must be made on the form provided, signed by at least three neighbors, accepted by the nominee, and filed with the District Agriculturist.

A district elimination is conducted by a committee composed of a D.A., D.H.E., resident farmer, and resident farm women who score the nominee. Then the district winners are judged by the regional committee. No award is made unless the candidate is adjudged to be worthy. The award consists of a cash award and plaque. The gate signs have been eliminated this year.

The forms are available at our office in Vegreville. A tentative deadline for receiving nominations is June 1st.

At the most recent census Canadians of Indian origin totalled just over 155,000; it is estimated that when the white man arrived in what is now Canada the country had an Indian population of about 220,000.

ed by executors of the estate of the man who started raising them. He died last fall and the survivors decided against carrying on the operation.

Seven of the MLAs were attending what will probably be their last session. Among those retiring from politics are Dr. W. W. Cross, who retired from his post as minister of health in 1957, and J. Harper Prowse, who stepped down from the Liberal party leadership last year.

Both have been finishing up their terms sitting in the House as MLAs, and both have announced they won't be seeking re-election. Others who have indicated they won't be back include:

Hugh John MacDonald, the Calgary Liberal who has been by far the most valuable member of the Opposition; George Bell, (S.C.—Gleichen); J. R. Desfosses (L.—Grouard); Harold E. Tanner (L.—Edmonton); and Nick W. Dushenski (C.C.F.—Willingdon).

What does it cost Alberta to run a session of the Legislature? In salaries and expenses of members, it costs \$258,119. That's the amount Raymond Crevolin, clerk of the House, had paid out by the time the session ended.

Every member received a \$3,600 indemnity. Out-of-town members receive an additional \$15 daily subsistence allowance for every day spent away from home. The Speaker, Hon. Peter Dawson, and Opposition Leader Grant MacEwan, each receive additional allowances of \$2,500. Deputy Speaker Art Dixon of Calgary gets an extra \$1,500.

## Imperial Oil's Net Earnings Lower in '58

TORONTO, April 13—While sales volume was maintained, Imperial Oil's net earnings of \$50,620,414 last year were 30 per cent below the 1957 record of \$72,060,930, the company's annual report shows. The reduction was largely due to decreased crude oil production and lower product prices.

In a statement mailed to the company's 45,000 shareholders, J. R. White, president, said the oil industry had demonstrated its basic strength "in more difficult circumstances than have been experienced for some years." The industry had risen rapidly to a point where it now supplies more than one-half of Canada's energy needs, he pointed out, and this enlarged responsibility had required many talents and techniques, supported by large sums of capital, all of which was provided from private sources.

Mr. White noted that significant additions had been made to refining capacity in the Ontario and British Columbia markets where nearly all the rapidly growing demand is supplied by Canadian crude oil. The need for more crude oil outlets continued to be a problem, as the industry's capacity to produce approached one million barrels daily at year end—approximately twice the current demand.

Cypress Hills Provincial Park, 78 square miles of area, is the largest of Alberta's 37 provincial parks. The smallest provincial park is Mameo Beach, four acres.

## Attention Brand Owners

The Alberta Brand Act provides for renewal of recorded livestock brands every 4 years. Renewal notices are forwarded to the last known address of the brand holder. If the renewal notices are not returned to the Recorder the brand registration is cancelled, therefore it is very important, says W. H. T. Mead, Alberta's Live Stock Commissioner, that brand holders report any change of address to the Brand Recorder, Department of Agriculture, Edmonton in order to avoid any possibility of failing to receive a renewal notice.

Brand owners are also reminded of the importance of completing legal transfers of brands where ownership is changing by reasons of sale, passing from father to son, clearing of estates or any other occasion, where the registration is required under another name. Applications for transfer can be obtained from the Recorder of Brands at the address noted above.

## Bank of Montreal To Increase Capital Stock

MONTREAL, April 13—Rights to 675,000 additional shares of Bank of Montreal capital stock are to be offered to shareholders at \$32 per share, on the basis of one new share for each eight held, G. Arnold Hart, president, has announced.

The new issue will increase the bank's paid-up capital to the highest figure in Canadian banking history, he said.

The issue is being undertaken in view of the substantial increase in total assets of the bank since the last issue two years ago, and because of the formation of the new Bank of London and Montreal Limited, serving Latin America and the Caribbean, he added.

Mr. Hart said the bank last month transferred \$3,000,000 from tax-paid inner reserves to its real account, which now stands at \$123,000,000, in relation to paid-up capital of \$54,000,000. On completion of the new issue, the B of M capital account will be increased by \$6,750,000, on the basis of \$10 par-value shares, bringing paid-up capital to \$60,750,000. At the same time, the real account will be increased \$14,850,000 to a total of \$137,850,000.

The announcement was made April 7. The offer was made to shareholders of record at close of business April 7. Warrants evidencing the right to subscribe will be mailed about May 1, and, although transferable, subscription rights must be exercised by July 10, the expiry date.

## A NOTICE TO ALL MOBILE HOME OWNERS

Bill 76, an Act to repeal the Mobile Homes Licensing Act, was assented to on March 31st, 1959.

As a result, no further Mobile Homes Licenses will be issued by the Department of Municipal Affairs, Highway Building, Edmonton, or by any branch of the Department, except to Mobile Homes in improvement districts.

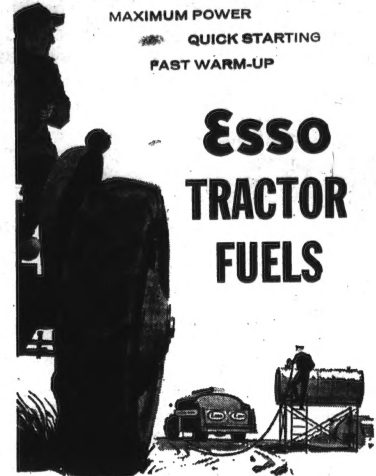

The power to license Mobile Homes is being given to the municipalities at their discretion. Mobile Home owners must now secure licenses from the authorities of any city, town, village, municipal district, improvement district or county in which the Mobile Home is being occupied where a Mobile Homes Licensing by-law is in effect.

The current licensing year begins April 1, 1959 and Mobile Home Owners should acquaint themselves with licensing regulations in the municipality in which their Mobile Home is situated.

## HOW FERTILIZER BOOSTS YOUR PROFIT ON WHEAT

### YOU CAN MAKE UP TO \$8.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summerfallow wheat is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over \$8.00 per acre is certainly worthwhile.

Fertilizer per acre	50 lb. 11-48-0 (Cost \$27.00)*
Increased yield per acre	9 bu. (worth \$10.80)
<b>YOUR INCREASED PROFIT PER ACRE</b>	<b>\$8.10</b>
	OR \$80.00 ON 100 ACRES OF WHEAT

\*Fertilizer cost figures per acre are approximate.

When properly fertilized, wheat grown on stubble land will show an equally profitable return per acre... For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.
